

Timed_Experiment_Data

```
graph BT; A[Preconditioner_Data < TMatrix >] --> B[Timed_Experiment_Data]
```

The diagram consists of two rectangular boxes. The top box is white with a black border and contains the text 'Timed_Experiment_Data'. The bottom box is gray with a black border and contains the text 'Preconditioner_Data' followed by '< TMatrix >' on a second line. A blue arrow points vertically from the top of the gray box to the bottom of the white box, indicating a relationship or flow from the preconditioner data to the timed experiment data.

Preconditioner_Data
< TMatrix >
